NEW YEAR WISHES FROM DISTRICT LEADERS

Alexandria District.

"Best wishes for the New Year in Administration, Teacher Training, and Missionary Interests. Let us try to organize our Sunday schools for an efficient year's work. Call on me if you need any help."

A. S. Lutz, Presiding Elder, Alexandria, La.

Baton Rouge District.

"I sincerely trust that during this Conference year we will give a little more time and thought to the district work. Too many of us confine our activities to the small group, the community group, in which we live and move every day. It is time for a forward movement in our district work."

D. B. Talley, District Secretary, Bogalusa, La.

"I wish for all the Sunday schools in the Baton Rouge District a very happy and prosperous New Year."

L. W. Cain, Presiding Elder, Baton Rouge, La.

Lake Charles District.

"To every Sunday school in the Lake Charles District, Greetings for the New Year. It is my sincere wish that every church in the district accord the Sunday school its rightful place in the extension of the Kingdom of the Lord. That the deepest and keenest interest be manifested in its activities by every member of the church and that the full program of work be carried out in all our schools. That special attention be given to the Fourth Sunday Missionary program provided by our leaders, and that Sunday School Day be observed with appropriate exercises in every school in the district. And above all else, let all the teachers earnestly and prayerfully seek to lead the members of their classes to Christ."

J. W. Lee, Presiding Elder, Lake Charles, La.

"At this time the Christmas joy and merriment is at its height, and the New Year greetings will soon be a thing of the past—then what? The great privilege of WORK in whatever sphere we have been called. By God's love, our Saviour's grace, and the Holy Spirit's leading and guiding, let's make 1930 a good year for the Kingdom."

A. M. Mayo, District Secretary, Lake Charles, La.

Monroe District.

"I don't know of anything that I could wish for more than to see 100% Sunday School Day observance in our district. It looks like it is hard to put on this observance in our district, but when we compare figures Monroe District is in line with other districts. I hope all districts can bring Sunday School Day observance up to what we would like it to be. The Monroe District Conference will be in Columbia in March. I also see our State-Wide Sunday School Conference will be in April."

I. A. Hearn, District Secretary, Columbia, La.

"In the Monroe District this year of our Lord 1930 we hope to do greater things in the way of Sunday School work. There will be an organized effort to have Sunday School Day observed in every Sunday School in the District. It is our hope to have at least two Standard Training Schools, and we will of course have a number of Cokesbury Schools. We are fortunate in having some members of the Staff and the Board in our District, and we believe the work will move steadily forward as the months go by.

"May the Lord abundantly bless the leaders, the workers, and the members of our Schools in the State this year, and may we be instrumental through His great grace in the Salvation of many souls before 1930 shall join the ranks of departed years, is the prayer of your friend and fellow-worker,

Elmer C. Gunn, Presiding Elder,
Monroe, La.

Ruston District.

"At this time when the fundamental place of Religious Education in the program of the Kingdom is so clearly recognized by our leaders, I can wish nothing finer for the Ruston District than that this conviction might become the common property of all the members within its bounds."

Robert M. Brown, Presiding Elder,
Ruston, La.

Shreveport District

"In thinking of the Sunday School work in the Shreveport District for the Conference year of 1929-1930, I find myself wishing, hoping, and praying that certain things may be accomplished:

"1. That all of us may have a deeper realization of the value of the Sunday School as an agency of the church for the establishment, extension, and maintenance of the Kingdom of God on earth.

"2. That we may be willing to give the necessary time and make the necessary effort to prepare ourselves for the most efficient service in this tremendously important work.

"That a larger number than ever before of the officers and teachers in our Sunday schools will take credit courses in our Standard Training Schools.

"4. That every Sunday school in the district will observe the Fourth Sunday in every month as Missionary day, give the program, take the offering, and send the money promptly to the Conference Treasurer, Mr. A. M. Mayo, Lake Charles.

"5. That every Sunday school in the district will observe Sunday School Day, give the program, take the offering, and send the money promptly to the Conference Treasurer, Mr. A. M. Mayo, Lake Charles.

"6. That the Sunday schools will reach more people than ever before and that they will minister directly to the spiritual life of every man, woman, and child that they are able to reach."

H. T. Carley, Presiding Elder,
Shreveport, La.

A NEW YEAR PURPOSE

C. D. Atkinson

A person without a purpose is like a ship without a rudder—neither can do anything but drift. A purpose in a life is like a general in an army, the difference in a mob and an army is a general; the difference in a man and a menace is a purpose.

We say a chain is no stronger than its weakest link. May we not say a character is no stronger than its life purpose. After the death of Andrew Jackson some one asked his former slave is he thought his 'master' got to heaven. He answered, "He got thar if he sot his head." History and experience teach, if we reach any goals in life, we must set, not only our heads but our hearts; in other words, there must be some great purposes and resolutions made. Let us face the New Year with the following purpose:

1. How much of Christ we can gain.
2. How much of Christ we can give.

May we gain so much of His Spirit that we will be able to say with St. Paul, "For me to live is Christ," and on the other hand, give so much of Him that we may be world servants.

I am sure the above purpose will make all of our life during the coming year a "new" life and result in Christian saintliness on the one hand, and saving service on the other hand.

PERSONAL AND OTHERWISE

Mr. I. A. Hearn of Columbia, writes: "Our local school is doing good work, have good attendance, and a good corps of teachers. The Monroe District Conference will be held in Columbia in March."

The Opelousas Sunday school is the first school to plan and elect a board of managers for their Training School for 1930. The date for the school is April 6-11. The pastor, Rev. D. F. Anders, was elected chairman of the board of managers, and Dr. A. S. Lutz, the Presiding Elder, Educational Director. This is the fourth annual Training school at this historic Methodist center.

A sub-district institute was held recently at Opelousas, with Mr. Leon Campbell presiding. The attendance was large, with delegates from every Sunday school in the sub-district with one or two exceptions. Three members of the Conference board staff were present: Mrs. W. W. Holmes, Conference Elementary Superintendent, the Conference Superintendent, and the Extension Secretary; with one member of the district staff present, the District Elementary Superintendent, Mrs. C. D. Atkinson. This group elected Miss Lillian Lafleur, Superintendent of Elementary work, in this sub-district. The next meeting will be held at Basile on the fifth Sunday in March, at 2:00 p. m.

The Lake Charles District, under the leadership of their District Secretary, Mr. A. M. Mayo, has planned three sub-district meetings, and prospects for attendance and interest at this time is very promising. These meetings are booked as follows:

Lake Charles, Friday, January 3.

Leesville, Sunday, January 5, at 2:00 p. m.

Crowley, Sunday, January 12, at 2:00 p. m.

Rev. A. K. McLellan, our Extension Secretary, is planning to represent the Missionary interests of the Sunday school at each of the District Missionary Institutes, beginning with the New Orleans District, January 2, and closing with the Baton Rouge District, January 15, at Amite. Rev. J. G. Snelling, Conference Missionary Secretary, has recured the following outstanding leaders to speak at these institutes: Dr. Elmer T. Clark, Rev. John Ferguson, and Bishop U. V. W. Darlington.

We congratulate the Baton Rouge District on their slogan for 1930: "The Baton Rouge District 100 Per Cent This Year." The leaders have pledged to raise their finances quarterly. This district had three Standard Training schools last year, and issued 181 Training credits including Standard and Cokesbury.

The Monroe District, at a recent meeting of the district stewards, pastors and laymen, adopted some splendid goals. Among them we read: Fifteen hundred members during 1930; One hundred per cent on all benevolences; a revival in every church; two or more Standard Training Schools, etc.

A WORD OF CONGRATULATION

Nashville, Tenn., Dec. 27, 1929.

Please allow me to congratulate you on the effective way in which you have gone about placing the matter of Programs of Work, and the subject of the Seminary at Mt. Sequoyah next summer before your leaders.

O. W. MOERNER,
 Superintendent of Administration.

THE PICTURE ABOVE is of your Mission and Extension worker. He endeavors to work for you in your own conference. His work is to help small Sunday Schools reach and influence for God those who have no connection with the Church, or an unsatisfactory one, organize New Churches and Sunday Schools, conduct Training Schools for workers in small Sunday Schools, work with other racial groups. Half of our Missionary Sunday Offerings are used in our own Conference.

CHINA is our Special Field Abroad for Study and Support during 1929-1930. Our Sunday Schools will support all of the Mission Work in China for these two years.

THE PICTURE ON UPPER RIGHT is of J. O. Kim, Louisiana's own Foreign Extension Secretary of Sunday School Work. He is a well trained man, working for you in Korean Sunday Schools. Our General Mission Board plans to have this type man in each of our Mission Fields Abroad.

No. 2

OUR CONFERENCE MINUTES AND EVANGELISM

We turn to Table No. 1 of the Conference Minutes and note there were twenty congregations reporting "No additions on Profession of Faith" last year. Some of these congregations reported a membership of over 200 members, and the sad thing about this record is that is not the first year they reported "No additions on Profession of Faith."

We turn to Table No. 2 and note under "Number of pupils to join Church," and we find in this list forty-five Sunday schools, some having a membership of over 200, reporting "not a member of the school joining the Church." There may be some errors in these statistics, and we hope that conditions are not as bad as figures show, yet, a Sunday school of over 200 members reporting "not one joining the Church for the last two years" is enough to make us think that a great campaign for Sunday School Evangelism is timely.

Already one month of our three months of Evangelism has gone, and we are just wondering how many Sunday schools used January as a month of preparation of their leaders for an active campaign with their pupils during February.

I am giving the following "Guiding Questions" for teachers, pastors, and parents, by Miss Mary Skinner, of the General Sunday School Board:

For the Teacher

What Sunday school teacher influenced my life most? How? Do I know a better way? Am I able to interpret God in terms of a child's experiences, or am I limited to phrases which are meaningful only to adults? Do I rejoice in the opportunity which the Church has given me? Am I trying to be worthy of the confidence and respect of my pupils? Do they have reason to believe that I stand for the things which I try to help them learn? Do I place too much emphasis upon mere words? Am I using all lesson materials as a means to an end and not as an end in themselves? How well do I know the daily problems in which my pupils find it hard to do right? Have I helped them understand that God is sorry when they do wrong, but that he loves them in spite of their failures? Have

I helped them to find strength by thinking of Jesus when trying to decide what to do? Have there been any deeply spiritual occasions in my class work? Do the parents of my pupils have reason to think I am eager to help their children? What have I done to convince them that this is true? Will a mutual understanding between the parents and myself tend to make more effective our work for children? Has the pastor any reason to think that I am deeply concerned about the spiritual development of my pupils? Does he feel free to call me into counsel concerning our mutual task in relation to the boys and girls of our congregation?

For the Pastor

What pastor of my childhood helped me to love God and the Church, or to decide to follow Jesus? How did he do this? Do I know a better way? In the eyes of the boys and girls of my congregation am I more than an official of the Church? Do they have reason to believe that I stand for the things which I preach? Since it is impossible for one person to be intimately associated in worship, study, and Christian Service with every group of my congregation, have I recognized the Sunday school teachers as pastors' assistants in this realm? What have I done to strengthen their purposes and help them become more effective workers with children? Do they feel free to turn to me for advice and counsel? Do the parents of my congregation have faith in my desire to help them? Do I know how to receive children into the Church in such a way that the occasion will be deeply religious and meaningful to them? Am I able to interpret to children the meaning of Church membership and the meaning of following Christ in terms of their own experience rather than in terms of stock phrases intelligible only to adults? Do I encourage the membership of the Church to give children a part in all activities, other than raising money, in which they can engage? Do I realize that the process of evangelism is not complete when a child joins the Church? Am I concerned about helping those children who have already joined the Church to reaffirm their former confession and continue into richer and

deeper experiences? What evidence have they of this fact?

For Parents

Do we rejoice in the opportunity God has given us to provide a Christian home for our children? Have we any responsibility which should come before this? Are we seeking to preserve a standard of righteousness and active devotion to God and His Kingdom which we would like to see continued in the lives of our children? Are we able to plan for each child and also for the family group to engage in worship and Christian service? Have we sought to understand the ways in which the Sunday school is seeking to supplement our efforts and share our responsibilities? Would it help our children if we had a frank conference with their Sunday school teacher? Is there any perplexity in our own minds which the pastor or Sunday school teacher could help to remove? Is it possible for them to remove it unless we let them know that it exists? How can the Sunday school help us to accomplish our desires for our children? How can we help the Church to accomplish its purposes for the children? In what respects are our desires for our children in harmony with the teachings and life of Jesus?

"ITEMS FROM THE FIELD"

Tallulah, Louisiana.

As we followed the letter and spirit of Evangelism in the Sunday school's Program, as prepared by the General Sunday School Board, at St. Mark's last year with such gratifying results, we will attempt to employ the same methods at Tallulah.

We have reasons to anticipate an increase of 50 or more in our Sunday school enrollment this year. If our new Church affords adequate facilities for departmental requirements, which we believe it will, we will probably adopt the C Type Program of Work. We have the qualified leaders, and the possibility for adequate organization.

We fully expect that the Sunday school will be the means of bringing

a large number of children and young people to definite decisions for Christ and church membership this year.

W. H. Giles, Pastor.

Cedar Grove, Louisiana.

We are observing the Fourth Sunday as Missionary Day, sending the entire offering of that day to Brother Mayo. We also have a Missionary Program every Fourth Sabbath.

It is our purpose to include in our Sunday School Program EVANGELISM. We expect to give special attention to this about Easter.

During all this unprecedented bad weather our Sunday school has been fine! Also the Epworth League.

J. M. Alford, Pastor.

Opelousas, Louisiana.

We are working hard on our Mission Program. There is a splendid interest in our Study book. Think we will come out fine in this.

Our Sunday school has been well attended regardless of bad weather. The interest for our Training School is great.

Our plans for Sunday School Evangelism include pre-Easter Services. Am sure quite a few of our Sunday school pupils will unite with the Church.

Our work moves forward in every Department.

D. F. Anders, Pastor.

Lake Charles, Louisiana.

At Workers' Council on 20th, forty in attendance, many matters for the future were considered, such as Evangelism, Special Days that are coming, State-Wide Conference, Increase in Membership, Records, and a Standard Training School. The workers were in hearty accord with all items. The Sunday school attendance is fine.

I am busy and enjoying this pastorate very much with these good people.

Leon I. McCain, Pastor.

Columbia, Louisiana.

To emphasize "Worship" in the Church. A worship will give birth to "Loyalty, Devotion, and Pre-eminence" to the Kingdom.

This we hope to be our Sunday

school goal this year. It must start in the Sunday school if it reaches the Church. We are including the plan of Evangelism, but we trust we will Evangelize our Plan as well as our Sunday school.

R. F. Harrell, Pastor.

Pineville, Louisiana.

Our Sunday school at Pineville is working toward the C Type Program of Work. The Beginners, Primaries and Juniors are all pretty well organized, and are having their Worship Service separately. The Intermediates, Young People and Adults all have their Worship Service together, and then go to their class rooms for lesson period. We have plenty of floor space and as soon as the attendance grows sufficiently, we should do more organizing of departments.

We expect to take care of the Evangelistic part, which we believe is the one important task. We expect to observe carefully, by Easter, Evangelism in our school.

D. B. Boddie, Pastor.

Jonesboro, Louisiana.

We are building a new parsonage at Jonesboro, will be ready by District Conference. Our Sunday school runs an average of about 100 present. We plan to increase Sunday school membership to 150 this year.

Sunday School Evangelism is one thing included in year's program. Our Church attendance is good, interest in all Church Program is good.

J. F. Dring, Pastor.

Mer Rouge, Louisiana.

Making the Young People of the Church "Sunday school minded" is the objective for the coming months. We suggest the following ways of attaining this objective:

1. Increased attendance by personal effort.
2. A definite enterprise for each department and class.
3. A Teacher Training Class in every Church.
4. Every teacher and student, if possible, taking a course in the Standard Training School.
5. A representative of each department at the "State-Wide Conference."

B. C. Taylor,
Conference Adolescent Supt.

Minden, Louisiana.

In the Minden Sunday school we have a loyal Men's Class of which Mr. J. E. Harper, Principal of the High School is the capable teacher, and two Women's Classes. A Young Men's Class and Young Women's Class have been reorganized. Other Departments are doing well.

The Workers' Council will have regular meetings and the school will un-

dertake to carry out the C Type Program of Work until better building accommodations can be provided.

The school will contribute regularly to the Dual Special.

We are planning to carry out the plan of Evangelism during the coming weeks, and hope for valuable spiritual results.

Mr. C. O. Holland is the able and efficient General Superintendent.

R. H. Wynn, Pastor.

**JNO. R. PEPPER'S RADIO MES-
SAGE**

Recently I was asked to give a radio message over WREC, Peabody Hotel, Memphis, Tenn., as to why full-grown rubust men should attend Sunday School.

The following is, in part, what I said:

Because the Sunday School is the greatest organization in the world for popularizing the greatest book in the world.

Because the Sunday School is an organized scientific effort for religious education.

Because the Sunday School is the only continuous agency for the study and teaching of the Holy Scriptures.

Because whatever we would have in the church must first be put in the school.

Because an adult man's potential personal influence is much needed, inasmuch as the young take their key of conduct from their elders.

Because the Sunday School will keep men from places of doubtful repute.

Because the Sunday School is a great culturing ground for steady habits and character.

Because the aggregate strength of great men's classes enables them to undertake the unusual and very important tasks in assisting worthy causes and individuals.

Because the Sunday School rescues men from lazy Sabbath Day and religious habits, and sends them out as evangelists to help others.

Because the Sunday School enables men to help support the most fundamental institution of God's church, as the Sunday School is the real "seed corn" of the church.

Because the Sunday School in principle is next to the very oldest institution in the world, and only antedated by the family, and Moses said in Deut. 31:12-13, "Gather the people together, the men and the women, and the children and thy stranger that is within thy gates, that they may hear, that they may learn, and fear the Lord, thy God."

THE WOMAN'S WORK AND MISSIONARY CULTIVATION IN THE SUNDAY SCHOOL

By Mrs. D. C. Warner
Superintendent Missionary Education
First Church, Monroe

Fifty-two years ago the women of Southern Methodism felt a district call to undertake definite Missionary work. The development has been so outstanding that it has become one of the largest and most successful undertakings of the Church. They devote a goodly share of their energies to Missionary Education which has been directed mainly to women, but to meet the needs and increasing demands of today, it is necessary that the whole Church become Missionary. If every Church is to be made truly missionary, it must be by the process of missionary education.

Need For Missionary Spirit

In this new day special emphasis must be given to young people and children, that we may build a permanent, active Missionary spirit in the Church, and bring to the fullness of the statue of Christ the lives of our Youth.

Cooperating in Dual Mission Special Of Sunday School

Through the organization of Young Peoples' Missionary Societies and Epworth Junior Societies, the women are putting on a program of Missionary Education to reach the young people, but in view of the fact that statistics show that only about 5 per cent as many enrolled in these organizations as are enrolled in the Sunday school, can you think of a more appealing opportunity for women of Missionary Societies to propagate and extend their Missionary passion than through the Dual Mission Special of the Sunday School?

Missionary Education a Process

Missions is a Cause. Missionary Education a process. A man may be interested in the cause and have no interest in the process, but Missions needs Missionary Education for the sake of permanency. The only causes that are likely to endure are those that are rooted in peoples' intelligent interest.

The Missionary Women, fired with Missionary zest and passion, are very desirous that Missions continue. Our Sunday school pupils of today are the Church leaders of tomorrow, so it is expedient that we develop missionary minded personalities among our young people, both boys and girls, enlarging their world undertaking and building up permanent interest, if we are to have a Church that truly enters into the Missionary passion of its Founder.

Not only is missionary education among our young people necessary in order that the Church continue as a

Missionary Agency, but here recruits are found to fill the constantly thinning ranks of Missionary forces and to insure healthy growth and expansion of work.

Another Opportunity for Missionary Cultivation

The Discipline of our Church (Paragraph 386) recommends that every Sunday school observe one Sunday each month (preferably the fourth) as Missionary Day, not only for an offering, but for special cultivation along Missionary lines. Since the women of the Church are further advanced along these lines and seem to have rightly interpreted the command, "Go ye," as coming direct to every Christian, it seems incumbent on these missionary women to get behind this and see that your Sunday school observes Missionary Day. It is truly an opportunity to sow Missionary seed in fertile areas.

If the President of every Missionary Society should undertake this as a project of extension work, there is no doubt that everywhere there is a Missionary Society we would find the Sunday school observing Missionary Day, and in the course of time our Sunday schools would measure up well with Missionary Societies in financial outlay for Missions for the offering is the gauge by which we can measure the missionary mindfulness of any organization. When education increases and interest is aroused, the offering will surely increase, and with a definite missionary program in our Sunday schools of today, the Churches of tomorrow will have no trouble in raising their Missionary Maintenance Fund, nor would any of our activities on Mission Fields suffer from lack of funds and they can look forward to the time when

"The earth shall be filled with the glory of God,
As waters that cover the sea."

"MISSIONS AND SUNDAY SCHOOL EXTENSION"

New Orleans District

It is indeed a pleasure to inform you that the Workers' Council, First Church, New Orleans, voted unanimously to contribute the Fourth Sunday Missionary Offerings to the "Dual Mission Special" during 1930. I promise to make every effort to see that the funds are forwarded before the 10th. of each month.

We as Sunday School workers appreciate very deeply the excellent work that both you and Brother Kim are doing in your respective fields, and may we prove this by the generosity of our gifts to the Dual Special this year.

* The new posters you sent out this

year are the best ones yet. They seem to convey a message and valuable information in a nutshell.

I believe I am correct in stating that the Missionary Spirit is very much alive in the various departments of our Church throughout the New Orleans District. May it continue to grow. With very best wishes for the greatest year we have ever had.

Mrs. L. D. Chaffee, New Orleans, La.

District Missionary Superintendent.

SUNDAY SCHOOL, FIRST METHODIST CHURCH, SHREVEPORT, ADOPTS DUAL MISSION SPECIAL

Fourth Sunday in January First Observance

In a communication from Brother W. A. McKennon, Superintendent, First Methodist Church Sunday School Shreveport, he gives us the joyful information that his Workers' Council has adopted the Dual Mission Special of the Louisiana Conference Sunday School Board, and will forward each Fourth Sunday their entire offering to Mr. Mayo, Treasurer.

Brother McKennon and his workers gave considerable time and thought to this step, and plans were perfected whereby the Church Mission Special, which the Sunday School heretofore supported, is now taken over entirely by the Church budget.

We rejoice that these splendid workers are behind our work and with the other Sunday schools of Louisiana, we all shall make it possible for a greater and more lasting work to be done in Louisiana, with Kim in Korea, and in China.

DISTRICT HOUR AT STATE-WIDE CONFERENCE

We have set "District Hour" at the center of our coming State-Wide Sunday School Conference Program. We take it for granted that all Sunday School workers know the date of our State-Wide Conference, Tuesday at 10:00 A. M., following Easter Sunday, at Alexandria.

We plan to have two days and one night for our program, closing the second day, April 23rd., at 3:30 P. M. This ought to suit the entire delegation, as they will be away from home only one night, hence the reduction of cost to a minimum.

"District Hour" comes Wednesday at 11:00 A. M. at the General Session with all the groups in the main auditorium of the Church. One of the reasons we are putting emphasis upon District Organization is that we need to strengthen our District Organization, and bring it up to the level of our Conference and General Board level. Most of our Sunday school work is a "sharing process," and whatever the General and Conference leaders have to share to the local Sunday school this sharing will naturally come through the District Organization. We note that the Conference work, in a general way, is done through District Organization in other fields of activity.

We have eight Districts, and I take it for granted our Sunday school workers know the eight Presiding Elders, who are the spiritual leaders in the Sunday school work in the Districts. We have the following District Secretaries, who are the executive leaders in each of our Districts:

Alexandria District—Charles N. White.

Baton Rouge District—D. B. Talley.

Lake Charles District—A. M. Mayo.

Minden District—F. C. Wren.

Monroe District—I. A. Hearn.

New Orleans District—E. E. Cayard.

Ruston District—E. W. Gill.

Shreveport District—R. H. Nelson.

At "District Hour" we hope to have a short report from each District on these eight important items:

1. District Organization and who's here—(District Showing).

2. Record of attendance on Easter Sunday.

3. Sunday School Day observance.

4. Fourth Sunday observance.

5. Training Schools.

6. District Meetings.

7. New Programs of Work.

8. Sunday School Evangelism.

As to attendance on Easter, we hope each local Sunday school will set for its goal an attendance to equal the Church membership, counting visitors, and where ever the Sunday school attendance is in excess of its Church membership, this excess will help to bring up their District attendance; and should several of the Districts have an excess it will help to reach the Conference goal, which is in round numbers 60,000, with about 40,000 in the Sunday school, so we will have to have 20,000 increase in attendance on Easter Sunday. This is possible if two members will get one person to visit Sunday school on Easter.

Some of the schools will have their Sunday School Day observance before the State-Wide Conference, but all schools ought to be ready to report as to their plans for observance. We wish they would set as their goal "A silver offering" from each member of the school, this one small offering would help to finance our Sunday School Board Program as never before. We hope each District will take as their slogan for Sunday School Day: "A Silver Offering From Each Member."

As this is Pentecost Year, we hope to hear many fine reports on Sunday School Evangelism. Let us pray that "Pentecost Hour" at our State-Wide Conference will follow District Hour, as we put the child in the midst, and dedicate ourselves anew to Him who said, "If you love Me, Feed My Lambs."

"STATE-WIDE CONFERENCE ITEMS"

Rev. J. Q. Schisler, Director of Teacher Training, Nashville, Tenn., will be one of the representatives from the General Board at our State-Wide Conference, and will arrive on Monday, April 21st. and have a meeting with Conference Approved Instructors, and others

SUGGESTED MATERIALS MISSIONARY WORSHIP PROGRAM

By Mrs. W. W. Holmes

Since a part of our fourth Sunday offering is being directed to China, we would like to call to the attention of the Missionary Committee in every Sunday school in our Conference, Sadie Mai Wilson's book, "What Do You Know About China?" It is a source book of materials that will prove helpful to every department of the Sunday school. It contains biographies, dramatizations, stories, descriptive material, Chinese poetry and proverbs, recipes and games.

For three years Miss Wilson lived and worked in Soochow, China, and this book is written out of the personal experiences and intimate knowledge of the Chinese people. With the book may be ordered a picture roll containing six pictures on "Life in China," which will be of interest to all members of the Sunday school, and particularly attractive and helpful to the children.

MINDEN MAKES INITIAL REMITTANCE

We are exceedingly pleased to welcome our First Church, Minden, to the ranks of our Dual Mission Special supporters.

The offering recently received covered the amounts given on the Fourth Sundays in January and February. We are grateful to these good people for their decision to accept our Dual Mission Special, and it will mean much to the on-going of our work in Louisiana, Korea and China.

With every Sunday school in Louisiana observing each Fourth Sunday with a Missionary Program, and offering, the rapid expanse of our Missionary work is inevitable and the opportunity for service increased many fold.

MISSIONARY EDUCATION

The means of Missionary Education are not limited to the Missionary Program given on each Fourth Sunday, this is but one of the many ways we should use in presenting the great commission, and creating a desire in the individual to share in extending the message of the Gospel to all.

Missionary Education is something outside of the regular course of the Christian life and experience, but the very heart of it; not something to appear spasmodically, nor to be tacked on, but the very center and core of Christian duty and service.

The theme for the General Session Tuesday night will be "MISSIONS." Rev. C. W. Lokey of the Texas Conference will be one of the speakers.

SUNDAY SCHOOL DAY OBSERVANCE

By T. W. Holloman,
Conf. Supt. Administration

The assessment for Sunday School work in our State was decreased last year, and it becomes more necessary to replenish the funds for carrying on our Conference Sunday School work by the Sunday School Day Offerings, which is the disciplinary method. The Discipline provides that it shall be the duty of all pastors and superintendents to see that this day is duly observed and the offering sent to the Treasurer.

As a member of the Sunday School Board, I am sending this message to all pastors and superintendents in our Conference, requesting you to do all in your power this year to observe Sunday School Day in your Sunday School between the middle of April and the middle of May. I suggest that you get programs from our publishers, Lamar & Whitmore, Dallas, Texas, and that you give publicity to the Day, and make it an educational occasion, and undertake to get an offering of 10 cents per capita, and send same to Mr. A. M. Mayo, Lake Charles, Treasurer of the Board.

STATE-WIDE CONFERENCE

In round numbers we have in our

Conference a Sunday School member-

ship of 40,000 enrolled, and we have

two goals to reach as to attendance

on Easter Sunday. First goal, each

Sunday School atendance equal their

enrollment, this gives the school hon-

orable mention. Our Church member-

ship is 60,000, and the local school

which has an attendance on Easter

Sunday to equal their Church mem-

bership will get on the "Honor Roll."

We trust that each Sunday School

on Easter Sunday will observe one-

minute silent prayer for the State-

Wide Conference.

Sunday School Day offerings for
this year are beginning to come in at
the office and show a marked increase
over last year as to the amount.

Miss Barnett Spratt will represent
the Elementary Section of the Gene-
ral Sunday School Board at our State-
Wide Conference. We give her a
hearty welcome on her first visit to
our State-Wide Conference. She will
no doubt render a great service to the
Elementary workers.

MISSIONARY EDUCATION IN THE ELEMENTARY SECTION OF OUR SUNDAY SCHOOLS

By Mrs. W. W. Holmes

We are endeavoring to guide our children to a knowledge of God as a Father who loves, sympathizes, forgives, rejoices in our success. He is the Maker of the beautiful, He is the Giver of every good gift, He has work for His children to do.

Children may be lead to show their love for Him and their appreciation for His gifts through sharing this love and these gifts with others.

Children have a natural interest in other children, they may be children of their own community, they may be children of other lands. As we arouse this interest through conversation, songs, stories, prayers, and pictures, our children will be led to a desire to share with them their own possessions.

In the Sunday Morning program the offering should always be a part of the Worship Service, and in order for it to be a real worship experience for the child he must know the object for which he gives and he must have a part in choosing this object. The gift should be the child's own, coming from his allowance or from money which he has earned. It is not the amount of the gift which concerns us so much, or what could be accomplished with the money which the children give, but the thing that does concern us most is what it will cause to happen in the lives of the children. Will it develop within them attitudes of sharing, gratitude, good will, friendliness, appreciation?

There is an element of missionary teaching in almost every lesson and in almost every worship service, but in many of our Sunday schools the fourth Sunday is being definitely observed as Missionary Day—A Missionary program and a Missionary offering being featured on that day. It might be better to have the Missionary Program on the third Sunday and the offering on the fourth Sunday.

Since a part of our fourth Sunday offering goes to our work in China, workers in the elementary section of our Sunday schools will find much valuable material in Miss Sadie Mai Wilson's book, "What Do You Know About China." A very fine group of pictures on Chinese life may be purchased with this book.

The Missionary work in our own state and "Kim in Korea" also have a share in our fourth Sunday offering. We must present the children of all of these Mission Fields to our own children in a very definite way. Suggestions for material on these fields, for use in teaching children

may be secured by writing to our Conference Sunday School office.

Let us suggest that on the third Sunday in each month, after a well prepared missionary program has been conducted, each child be given a small envelope bearing the words, "A Love Gift for the Boys and Girls in China," and that they be urged to bring their offering for Missions in this envelope on the following Sunday. We believe that following such a plan as this will not only increase the offering, but, best of all, will develop an intelligent interest in these Mission fields on the part of our boys and girls.

When Jesus said, "It is more blessed to give than to receive," we believe that He meant that the reflex influence of giving was greater than the direct influence, and if we lead our children to share what they possess with those who are less fortunate, their own lives will be enriched beyond our computing, and the Church of tomorrow will be a "Missionary minded" church indeed.

TEXAS CONFERENCE EXTENSION SECRETARY TO SPEAK BEFORE SUNDAY SCHOOL CONFERENCE

The Rev. C. W. Lokey, Extension Secretary Texas Conference will be one of the principal speakers before the Sunday School Conference convening at Alexandria, April 22nd and 23rd.

A large number of our workers met Brother Lokey last fall when he represented the General Sunday School Board in the Program of Work Institutes held in our Conference at that time.

Brother Lokey is doing a most constructive work among the rural churches in his Conference that has attracted church wide attention. In a large number of Annual Conferences last Fall he presented the Edgewood Plan which he has used most effectively among the rural churches in his Conference.

The Sunday School Board of the Texas Conference believed in his work so thoroughly they made it possible for Brother Lokey to spend a year in Denmark studying the prevailing rural conditions in this country which are so satisfactory in result.

We are anxious for our leaders to hear him, and share with him these experiences. Brothers Dring, Henley Henderson, with the Presiding Elder, Brown, are planning work in the Rus-

ton District similar to that done by Brother Lokey. We hope these interested ones will be present to make their contributions to the discussions.

KIM RECEIVES MOTORCYCLE Discards Bicycle

In a recent letter to Mr. T. C. Clanton, Secretary of the First Methodist Church Sunday School, Shreveport, Brother Kim reports the motorcycle given to him by our First Methodist Church, Shreveport, and another in North Carolina, has been delivered to him in good condition. Of course, says Brother Kim, this is a very much more convenient way to travel than the old bicycle.

In the same letter Kim has this to say about the opportunities of Religious Education in Korea: "This is the right time to push up our work, because our church people began to interested in the Religious Educational problem, especially young people. I know that for every kind of work has a chance to succeed. Our church had a great chance for Evangelism, but now this is the time for train them in the Bible to keep them in the church."

We have just received a picture of Brother Kim on his motorcycle but there was not time for a cut to be made for this issue of the bulletin. Look for it in the May Bulletin.

Wanted--A Man To Lead

"There isn't a boy but wants to grow
Manly and true at heart,
And every lad would like to know
The secret we impart.
He doesn't desire to slack or shirk—
Oh! Haven't you heard him plead?
He'll follow a man at play or work,
If only the man will lead.

"Where are the men to lead today,
Sparing an hour or two,
Teaching the boy the game to play
Just as a man should do?
Village and slums are calling—come,
Here are the boys, indeed,
Who can tell what they might become
If only the men will lead?

"Motor and golf and winter sport
Fill up the time a lot,
But wouldn't you like to feel you'd
taught

Even a boy a knot?
Country and home depend on you,
Character most we need;
How can a boy know what to do
If there isn't a man to lead?

"Where are the men to lend a hand?
Echo it far and wide,
Men who will rise in every land,
Bridging the "Great Divide."
Nation and flag and tongue unite
Joining each class and creed,
Here are the boys who WOULD do
right,
But where are the MEN to lead?

**"DISTRICT HOUR" AT THE
STATE WIDE SUNDAY
SCHOOL CONFERENCE**

We had many good features at the recent State-Wide Sunday School Conference, and many people differ as to which feature was the best. One in writing says, "The entire conference seemed great, but the finest part was the Young People's Banquet on Tuesday evening."

"District Hour" was an effort to visualize the definite work which is being done in each District, so that the whole group could see the strong points as well as the weak points in each District. This hour appealed to the District Leadership, and many of the local Sunday schools sent in definite reports to be used by the District officers. The item of attendance on Easter was interesting, but many of our schools did not have time to get their reports to the Conference on Tuesday following Easter. We featured increased attendance this year, and I hope the leaders will feature the New Programs of Work in their next Annual report. We have in these New Programs a lever, if used, will lift any school in the State out of their old ruts.

We want to thank the Presiding Elders and District Secretaries for their hearty cooperation in helping to make "District Hour" at the 1930 State-Wide Conference a profitable, and we trust, a prophetic hour in religious education in our Sunday School work.

**ONE DAY SUNDAY SCHOOL
DISTRICT CONFERENCES**

The Monroe District will follow the example of the Ruston District and have a one-day District Sunday School Conference, or Rally, very much like the State-Wide Conference, calling on the District Staff to put on this Conference, as the Conference Staff calls on the Conference Staff to feature it.

The date for the Ruston Sunday School Conference is July 4th, at Indian Village. This Country Church, or community has sent out some outstanding Sunday school workers into the State. Mr. Sam Collins, Superintendent of the Monroe Sunday School, and a member of the Conference Sun-

day School Board, is one of the number.

The date of the Monroe Conference is July 11th, just one week later, and we hope this experiment will prove profitable and permanent.

CONFERENCE STAFF**

Mer Rouge, Louisiana.

"I consider the State-Wide Conference this year the best I have attended. The subjects the speakers used were timely, and the discussions were of a high order. The banquet went over in fine shape and Dr. Goodrich's message was greatly appreciated.

"I feel that we really got someplace this year, and I am beginning to lay plans for an even better Conference next year, so far as the Adolescent Section is concerned. We must place the Church School in a creditable position and one of the best ways of doing it is to get our workers to see the importance of up to date methods in teaching religious education.

"Marshal Foch's last words were: 'ONWARD! ONWARD!' and we may

apply them to our whole Sunday School Program and call upon every church member to rally around that challenging command."

B. C. Taylor, Conference
Adolescent Superintendent.

New Orleans, Louisiana.

"The Conference was fine! I was so pleased at the increased attendance and at the good spirit that prevailed, and the work of the sections was all good. Congratulations, Mr. Conference Superintendent!

"I had a good trip upstate, going as far as Mansfield with Dr. Raulins, and on to Greenwood by bus, also to Ida. Since my return have been busy with some hospital cases."

H. L. Johns, Conference
Superintendent of Evangelism.

Baton Rouge, Louisiana.

"This is to congratulate you on the success of the State-Wide Sunday School Conference held last week. I was glad to note the increase in attendance over last year, also the very evident interest in the program. I believe that these State-Wide Conferences contribute quite definitely to the Sunday School work in our Conference. Let the good work go on."

Frank L. Wells, Conference
Adult Superintendent.

Alexandria, Louisiana.

"The Elementary Division of the General Sunday School Board was represented at our State-Wide Sunday School Conference by Miss Barnett Spratt, who rendered very valuable service. The discussions for the entire Conference were grouped around the Expanded Program, one session being given to the Extended Sunday Morning Session; another to Mid-Week Sessions. Much time was given to discussing Vacation Sessions of our Church School, this discussion being particularly helpful as many of those present are definitely planning for this work in their local schools.

Plans for promoting the observance of Childhood and Youth Week were also discussed. We believe this Conference to have been one of the most helpful we have been permitted to attend. Those present were delighted with Miss Spratt's splendid leadership and her charming personality."

Mrs. W. W. Holmes, Conference
Elementary Superintendent

Alexandria, Louisiana.

"The State-Wide Sunday School Conference for 1930 was the best that we have ever had. The interest was good in all departments. The Young People, especially, were to the front. Best wishes,

A. S. LUTZ, D. D., Superintendent,
Teacher Training.

141 SCHOOLS REMIT OFFERINGS FOR MARCH FOURTH SUNDAY

Greatest Number This Year

We were very gratified at the response from our Sunday Schools for the large number remitting offerings for the Fourth Sunday Missionary Observance in March. Since the beginning of the present Conference year there have been 168 schools to remit one or more offerings for the support of the Missions and Extension Work at Home and Abroad.

The number of schools remitting is encouraging, but when we consider the total number of schools in our Conference, it is disappointing to know a little less than half of our schools are not participating in the Missionary Work of the Sunday Schools of Louisiana and Southern Methodism.

The following District Summary will give a very concrete illustration of the participating and non-participating schools in each district.

District—	No. Schools	Observing	Non-Observing	Percentage
Alexandria -----	42	26	16	62%
Baton Rouge ---	53	23	30	43%
Lake Charles ---	29	18	11	62%
Minden -----	44	18	26	41%
Monroe -----	34	24	10	70%
New Orleans ---	32	21	11	65%
Ruston -----	47	16	31	34%
Shreveport ----	32	22	10	68%

We urge each Pastor and Sunday School Superintendent to help us realize as a goal for this year 250 Sunday Schools observing each Fourth Sunday as Missionary Day with a Missionary Program and an adequate offering for the support of this work. There are at least four convincing reasons why every Sunday School in the Louisiana Conference should observe each Fourth Sunday as Missionary Day:

I. It offers an unusual opportunity for leading your school into real Missionary experiences that will enrich the spiritual life of the members through the Missionary information possible to give in these Worship Programs in the Sunday School Session.

II. The Missionary Program with its Missionary information should arouse a vital interest and burning desire to participate in this great work through the offering given for the ongoing of the work in Sunday School Extension in Louisiana, Foreign Sunday School Extension in Korea, and the General Work in China.

III. The Funds for the support of our Missionary Work are derived sole-

ly from the Fourth Sunday Offering. There is no other source from which we may secure funds.

IV. The opportunity for making the Fourth Sunday as Missionary Sunday an outstanding day in every service of the local Church for this particular time.

May we urge our leaders to study the merits of the Sunday School Dual Mission Special and lead their schools to an active participation in its activity.

FROM ST. MARTINVILLE

We have closed a revival meeting here at St. Martinville which proved to be beneficial to our little congregation in every way. Rev. A. K. McLellan, dual Sunday school extension secretary, was our co-worker, and did the preaching. He preached the pure gospel of Christ with power. His sermons reached every heart. There was a profound interest throughout the meeting. A number of our Roman Catholic friends attended the services, and among them were a few who came for the first time.

The Cokesbury Training Course was given to our Sunday school leaders with gratifying results. Brother McLellan went with us to Lydia on Sunday afternoon, April 13, which visit proved successful in organizing a Sunday school for our little congregation there.

Altogether, our French missionary activities within the bounds of the St. Martinville charge are very encouraging for the present Conference year. In the name of our Lord and Master, we are going forward. We give Him the praise for the many blessings to us. A. M. MARTIN,
—From New Orleans Christian Advocate.

Each Presents Salient Points of Program at State-Wide Conference

Tuesday night of the Sunday School Conference Dr. W. Winans Drake, Conference Superintendent of Missions for the Louisiana Conference Sunday School Board, made a most inspiring and appealing address to the assembled delegates for a wholehearted, spiritual and educational participation in the Dual Mission Program of our Sunday Schools. The speaker urged all of the schools to observe each Fourth Sunday as Missionary Day in order that Missions, in this way, be made a vital element in the life of the school and the response through the offerings sufficient for its successful operation.

Mr. W. A. McKennon, Superintendent of our great First Church Sunday School, Shreveport, gave, in a few well chosen words, the part this Sunday School is taking in the development of the Dual Mission Program, and the remarkable results that have been achieved in developing a wholesome Missionary Spirit and understanding participation.

Brother McKennon, for a period of some months, worked untiringly for the adoption of the Dual Mission Program for his school. They were doing Missionary work through the General Church Program, but under this plan their offerings were going to Foreign work only. It was not easy to effect so sweeping a change in so large an organization, but Brother McKennon and his workers did this effectively, tactfully, and with praiseworthy, administrative ability.

His words in praise of the results brought about since the adoption of the Dual Mission Program, are a deeper spiritual interest and knowledge of Missions, and a greater desire for participation. When Bishop Darlington made his appeal for a special need in our European Field recently to our First Church Congregation, he attributed the wholehearted response to this needy call, at least partially, to the Missionary Educational work done under the Dual Mission Program.

THIS YEAR

There are two big reasons among others, for the observance of Sunday School Day by the Sunday Schools of the Louisiana Conference. First, this observance affords the local Sunday School an opportunity to present to the community in an instructive and entertaining way the purposes of the Sunday School and some of the ways and means these purposes may be realized. Sunday School Day serves as a Sunday School "Commencement." Be sure to have this feature day and thus give a number of persons an opportunity to present the aims of your Sunday School to the community.

In the second place, the observance of Sunday School Day furnishes a convenient opportunity for the Sunday School to make a free will offering to the support of the Sunday

School work being directed by our Conference Sunday School Board. No assessments for this work are placed on our Sunday Schools, but each one is given an opportunity once a year for making an offering for the support of the Conference and District work. Please be sure to give your Sunday School an opportunity to contribute liberally to this cause.

Church Membership Gains In United States

Dr. Carroll, expert Statistician, says: "During a year when business receded, when many publications lost circulation, when the membership of hundreds of civil and social organizations dropped notably, it would have been an achievement for the religious bodies merely to have held their own. But they have done better—they have gained—made one of the most remarkable gains, all things considered, since the days before the Great War. With few exceptions, the worst that can be said is that some denominations reported a falling off as compared with the year before.

Three of the larger denominations had net decreases. The Northern Baptists' decrease was 15,198; the Methodist Episcopal Church decreased 24,433; the Evangelical Synod of North America decreased 35,413.

Among the increases were: Roman Catholic, 77,303; Southern Baptists, 64,789; Northern Presbyterians, 40,032; Missouri Synod (Lutheran), 40,535; Disciples of Christ, 34,553; Protestant Episcopal, 22,312; Southern Methodist, 13,153; Southern Presbyterians, 9,331, and Colored Methodist Episcopal, 9,140."

I am sorry to have to tell you that Dr. F. S. Parker is still confined to his

It will be very gratifying to him to know that you took the time to congratulate him upon the re-election to the office he has held so successfully for the past twenty years. I am sure you will hear from him personally when his time and strength will permit.

Recently these two great denomina-
tions have officially expressed them-
selves as follows:

Action of the Southern Baptist Con-
vention May 15, 1930:

Resolved: That we hereby call up-
on our President and our Senators
and our Congressmen to be on guard
against all attempts of the criminal
liquor traffic to weaken the 18th
Amendment.

The General Conference at Dallas
said:

"We firmly set our faces against
any recession from the constitutional
outlawry of the liquor traffic. We
highly resolve to enlist our every
power to maintain in full force the
Eighteenth Amendment, and all laws
of State and Nation for its observ-
ance and enforcement. We pledge our

who are vigilantly using their best
endeavors to end violations of this
and all laws. We will never surrender
the advance made for national sobriety.
No retreat shall be sounded."

THE DRIEST COLLEGE

Asbury College, Wilmore, Ky., is
thought to be the driest college in the
country. A secret wet-and-dry poll
taken of the students at their last
chapel service of the term gave 449
for enforcement and 3 for repeal of
the Eighteenth Amendment. A poll
of the faculty members present was
unanimous for enforcement. Modifi-
cation was omitted from the ballot.
Asbury is located in the heart of the
blue grass region, once noted for its
fine old Bourbon whiskey.

**WORSHIP IN SMALL SUNDAY
SCHOOLS**

By Miss Lucy Foreman

Does worship have a far away
sound? Does it seem to be removed
from life? Or, is it possible to think
of worship as that which is essentially
a part, and a strong directing part of
the Christian experience?

A few weeks ago a letter came to
the Training Department at Nash-

ville from a preacher in Arkansas.
Among other things he said, "We
have bought the paint for the church,
in fact both sides of the building have
had one coat and the new wall paper
has been delivered." A course in
Worship had been taught in this
church in which the workers in the
other two churches on the circuit had
participated. The outstanding need
of the circuit centered in this church.
In a community that boasted a
splendid consolidated high school, it
stood out almost entirely weather
beaten, the remainder of an almost
forgotten coat of paint showing as
streaks upon the weather boarding.
The wall paper was deeply cracked
and evidenced a disposition to fall
upon the slightest provocation. The
class planned a worship program dur-
ing the course, built around the
thought of courage, and somehow or
other that which had been thought of
as impossible before became a possi-
bility.

Is there a direct connection be-
tween a course in worship, where a
group of people come together to
deepen their own religious experience
and to study how they may make bet-
ter plans for boys and girls to have
such experiences, and the painting
and papering of the house of worship?

When one worships, as Jesus says,
he must in spirit and in truth, is he
inspired to give of himself, time,
money, thought to all worthwhile
needs of his church and community
life?

Another report came in recently of
a worship course that had been
taught by the pastor. The statement
was made that the study of the text,
Worship in the Sunday School, the
thinking that the class members had
been able to do under the direction
of their pastor, had been one of the
richest experiences of their lives. It
was further stated that the whole
Sunday School would reap the bene-
fit of better prepared worship pro-
grams.

Probably it is impossible for any
one of us to come into a closer rela-
tionship with God, the Father of us
all, and not have a desire to make
life just a little better for others.
After all, isn't the cultivation of this
nearness to God and its expression
the purpose of the Sunday School?
Are we more and more able to so
interpret its purpose that every
member may have the joy of living
the abundant life that Jesus came to
bring? This abundant life, if lived,
will go out into needs as they appear.
Painting the church may be better
preparing ourselves to teach a group
of little children or young people the
kindly word spoken, for of such needs
there is no end, and through worship

there is a fuller realization that He
is abundantly able to supply all our
needs according to the riches of
grace in Christ Jesus.

I would be glad to have any suggest-
ions that you will give from time to
time and will do my best to create a
better spirit in the Sunday school
work of the District.

May With The Extension Secretary

The Extension Secretary visited the following Sunday Schools in session during the past month:

Ethel, New Roads, Lydia and Boyce.

The visit to Lydia was especially interesting since the new school organized on Easter Sunday was found to be growing steadily. It has been a number of years since the Sunday School has been in operation, and we are extremely anxious that the present organization continue to grow.

Cokesbury Schools were held at Jackson and Ethel the week of May 25-29. The Course on Missions was taught in the afternoon at Ethel, and the course on the Small Sunday School was given each night at Jackson. On Sunday night at Jackson the slides of our Dual Mission Special was given to a large and appreciative congregation.

On Thursday, May 29, we attended the Baton Rouge District Conference at Franklinton, and through the kindness of the Presiding Elder, Rev. L. W. Cain, we were able to present to the conference facts concerning our missionary work through the Sunday School.

On Thursday, May 8, we had the privilege of attending the Alexandria District Conference of the Woman's Missionary Society at White Chapel. The District Secretary Mrs. O. E. Grant, very kindly gave us a part on the program for the day.

All during the month of May we assisted in the promotion of District-Wide Training Week for the Alexandria District. In the interest of this work, and accompanied by the Presiding Elder, we visited the following places: Boyce, Hineston, Melder, Glenmora, Bunkie and New Roads.

DISTRICT ELEMENTARY CONFERENCE

Mrs. R. S. Crichlow, Elementary Superintendent of the New Orleans District, with a committee composed of Mesdames J. H. Carter, L. E. Anderson and C. H. Snelling sponsored the program for a very worthwhile conference for elementary workers of the Sunday School, held at Carrolton Avenue Church, New Orleans, on Thursday, June 19th, beginning at 10:00 o'clock.

The attendance throughout the day was splendid and the following churches were represented: Algiers, Carrolton Avenue First Church, Louisiana Avenue, Rayne Memorial, Parker Memorial, Second, and St. Mark's.

A beautiful worship service was led by Mrs. R. G. Malone of Rayne Memorial, and Mrs. Crichlow made announcements, explained the purpose of the meeting and introduced the visitors after which the workers of the several departments repaired to rooms assigned them and discussed the New Program of Work. Discussions lasted until the noon hour when a delicious luncheon was served by the women of Carrolton Avenue Church, and an hour of delightful fellowship enjoyed.

At 1:00 o'clock the entire group came together. The Conference Elementary Superintendent led in a discussion of the Expanded Program, and stressed the importance of the observance of Childhood and Youth Week. Reports were read from the group meetings and some of their problems were further discussed. Many helpful suggestions were given and it was the consensus of opinion that the day had been a most profitable one, and appreciation was expressed to Mrs. Crichlow and her committee. The meeting was closed with prayer.

Mrs. W. W. Holmes,
Conference Elementary Supt.

Lake Charles, Louisiana.

So glad you could carry out your plans and be with the Sub-District Meeting at Sulphur. Delighted to hear the Training School is fixed. We will try to have it the best we have had.

**FIRST ANNUAL CONFERENCE
SINCE GENERAL CONFERENCE**

"The Florida Annual Conference, the first of the Southern Methodist Conferences to hold its session since the General Conference in Dallas, vigorously endorsed the action of the General Conference on such questions as motion pictures, peace treaties, prohibition enforcement, immoral literature and crime conditions. In the war on crime gangs now being waged in larger cities, the conference recognized the danger of a dispersion of the criminals to other parts of the country where they will set up operations. On the subject of prohibition the conference resolution urged an amendment making the buyer of liquor equally guilty with the seller; it also protested against horse racing and kindred evils."—Christian Advocate.

CHILDHOOD AND YOUTH WEEK

Mrs. W. W. Holmes.

Would you like to do something worthwhile for your Sunday School for the childhood and youth committed to you? Of course you would. We can think of no more helpful thing than a well planned, well executed observance of Childhood and Youth Week.

We call your attention to the material listed below, use the blank to indicate the material you will need. It may be had for the asking. You will note that a simple program, "Growing Toward God," can be used by those who do not care for the pageant. Send your order to me (Box 1494, Alexandria, La.), and it will be filled at an early date, in ample time for you to make all your plans.

Watch for articles about Childhood and Youth Week in the August and September issues of The Elementary Teacher, and the Worker's Council.

ITEMS OF INTEREST

Lake Charles, Louisiana.

It is doubtful if I can be with you Sunday afternoon at Leesville, since I am to hold forth at Bayou Scie, morning and afternoon services, and Quarterly Conference with dinner on the grounds, but I plan to be with you Monday night at Sulphur. Come prepared to give me a list of charges in my district that have not observed Sunday School Day, so that I can urge them to do this important thing right away.

J. W. Lee, Presiding Elder.

Columbia, Louisiana

Yours to hand yesterday. Glad you are planning to be with us. We are expecting you, Brother McLellan and Mrs. Holmes to be with us at our District Meeting. Hope to have a good delegation. I appreciate your sending me the program of the Ruston Meeting. I am sure they had a great meeting.

We had Sunday School Day yesterday, had a good program and a fair collection. Bring a list of schools that have observed this day.

I. A. HEARN,
Monroe District Secretary

Barham, Louisiana.

Just in receipt of your letter of June 25th, in which you state Mrs. Holmes and you intend being with us at the Fifth Sunday Institute and that Mrs. Holmes will be glad to visit our Sunday School, provided we can arrange to have someone meet her in Leesville at 9:00 o'clock Sunday morning. We shall be very glad to meet Mrs. Holmes there, and especially glad to have her visit our Sunday School.

R. W. Cronin, Supt. Hornbeck Sunday School.

Nashville, Tenn.

This report of the General Conference Educational Commission, as amended and adopted by the General Conference at Dallas on Wednesday, May 21, 1930, is placed in your hands for your careful and prayerful consideration. May we respectfully call your attention to three things:

1st. It is not as intricate as it may seem to be. Much space is required to present the report, and the facts, in technical language, as it will appear in the Discipline. The report is in that form.

2nd. The essential values of all Boards and Agencies have been conserved and causes for overlapping have been removed.

3rd. Your hearty cooperation will insure the early and proper function-

ing of the plan. This we earnestly ask.

Wm. F. Quillian, General Secretary,
L. H. Estes, Recording Secretary.

Jacksonville, Florida.

It seemed very much like old times to receive a letter from you regarding a Training School in Louisiana, and it is a matter of regret on my part that I can not be in Hammond for the Hammond-Amite School.

We have just organized our New Board of Christian Education with Dr. Ira Barnett as the Executive Secretary. He is a good one and we are looking forward to a great year.

(Mrs.) Cora Perkins Bunch.

DRY CLUB WOMEN

If the action of the General Federation of Women's Clubs had been wet instead of dry, eight columns of space would hardly have been big enough to carry the head-lines in the wet press. As it was, since the women by an overwhelming vote reaffirmed their dry stand, the news was buried in the inside of papers. Since this resolution records the opinion of what is probably the most influential organization of women in the United States, it deserves to be printed in full:

"Whereas there are sinister influences seeking to undermine the efficacy of the Eighteenth Amendment to the Constitution of the United States and to render the laws for the enforcement thereof impotent; and,

"Whereas individuals and organizations favoring the repeal of the Eighteenth Amendment are making strenuous efforts to destroy the faith of the people of the United States in prohibition and to promote the idea that prohibition is contrary to the principles of our government; therefore,

"Be it resolved, That the General Federation of Women's Clubs, through its delegate body, reaffirms its convictions that prohibition offers the best means for curbing the liquor traffic and its attendant crimes and pledges its continued support to the Eighteenth Amendment and the rigid enforcement thereof."

Another buried item brings news of the survey made by the W. C. T. U. of 255 college presidents. Of these, 146 reported less student drinking than before prohibition; 44 recorded no drinking among the students; 8, drinking unknown among students; 8, conditions about the same as before prohibition; 7, conditions bad; 3, conditions worse.—Christian Herald.

EXTENSION SECRETARY AT HOUMA

Teaches Cokesbury Course in Vacation Bible School.

Each year after the close of the regular school session of the MacDonell School, Houma, a Vacation Bible School is held. Children and young people from Sunday schools in near-by communities, as well as from Houma, make up the student body of the Vacation School.

Reaches Potential Leaders.

The Sunday School Extension program has found this school an unusual opportunity for working with the young people, representing practically every Sunday School in the Mission Field. Cooperating with Miss Hooper and her workers we have been able to reach a large group of young people each year who are potential leaders of their local churches in this Mission Field.

The Course This Year.

The course given this year was "Methodist Beliefs," using the textbook "What Every Methodist Should Know," by Stuart. There were 18 members of the class, which included four who were members of other churches.

Other courses given since 1927 are: "Organization of the Small Sunday School," "Missions in the Sunday School," and "Life of Christ."

ECHOES FROM DISTRICT-WIDE TRAINING WEEK

Rev. J. A. Knight, our pastor at Melville, says: "The Sunday schools, both at Melville and Palmetto are growing in interest, membership and attendance. A Cokesbury School, "What Every Methodist Should Know," was taught in Melville during the first week in June in compliance with Training Week as designated for the Alexandria District. The course proved interesting and edifying to those who listened in every night as well as those who took credit work. Brother R. L. Clayton, pastor at Gueydan, was the teacher who revealed himself as an interesting and efficient teacher.

Rev. C. B. White, our pastor at Marksville, says: "Our Alexandria District-Wide Training Week closed last Friday night. The several schools throughout the district proved a great success and blessing. The Hopewell school was a great success. The average attendance was 35, with 15 of these working for a credit. The textbook was "The Life of Christ," by Umphrey Lee. I believe all 15 will receive the credit. An institute was held at Hopewell on Monday, the 2nd. It was well attended, and the people greatly enjoyed the entire program.

ALEXANDRIA DISTRICT-WIDE TRAINING SCHOOL PROVES SUCCESS

One of the most interesting and successful projects of the Sunday School program this year has just been completed in the Sunday School Institutes and Training Classes held in the Alexandria District during the week of June 1-6.

The Institutes were held each day at the following places:

Sunday, June 1, 2:30 P. M.—Zion Church (Melder Charge).

Sunday, June 1, 7:45 P. M.—Boyce.

Monday, June 2, 10:00 A. M.—Hopewell (Oberlin Charge).

Wednesday, June 3, 10:00 A. M.—Holloway Chapel.

Thursday, June 4, 10:00 A. M.—New Roads (Lottie Charge).

Friday, June 5, 10:00 A. M.—Bay Hills (Marksville Charge).

These Institutes were well attended by the leaders of the local schools and near-by schools. The program was in charge of Dr. A. S. Lutz, Presiding Elder of the Alexandria District, giving the devotional feature at each place. Miss Lucy Foreman, assistant in charge of Cokesbury Leadership Training, Nashville, Tenn., represented the General Sunday School Board, and gave the main address on the program. Miss Foreman rendered a splendid service in her talks to the leaders of these local schools at each place. She was able to find and discuss with them their problems. She completely won over the people at each of these institutes in which she took part.

Rev. C. D. Atkinson presented the Programs of Work, Sunday School Day, and other features of our Sunday School Program, urging them to adopt the Program of Work, and to observe Sunday School Day in the local Sunday School.

Rev. A. K. McLellan, Extension Secretary, presented at each institute the features of the Sunday School Extension Program and Missionary Education in the Sunday School, and the projects supported by the offerings derived from Missionary Day observed each fourth Sunday.

On Thursday and Friday Mrs. O. E. Grant of Boyce, Alexandria District Secretary for the Woman's Missionary Society, had a place on the program and succeeded in organizing two new missionary societies, one at New Roads and at Bay Hills.

This is a new method of training in our district, and has proved a good one. Our Presiding Elder is wide awake."

The visible results were the reaching of a large number of our leaders through the inspirational program of the institutes; in the Training Classes held each night to bring to our people information and helpfulness of our Leadership Training, and the organizing of one new Sunday School, at Zion's Rest, on the Melder Charge, Rev. P. S. Carpenter, pastor.

Training Classes were held each night of the week at the following places, with the following instructors and courses:

Boyce—"Life of Christ"—Dr. A. S. Lutz.

Elizabeth—"Evangelism"—Rev. H. B. Hines.

Oakdale—"The Sunday School"—Rev. J. D. Nesom.

Hopewell—"Life of Christ"—Rev. C. B. White.

Hineston—"Worship in the Sunday School"—Miss Lucy Foreman.

Melville—"Methodist Beliefs"—Rev. R. L. Clayton.

Pineville—"The Christian Religion"—Prof. H. Conrad Blackwell.

Basile—"The Small Sunday School"—Rev. D. F. Anders.

Marthaville—"The Sunday School Worker"—Rev. F. Claude Adams.

The General Sunday School Board participated in the Training feature by providing three instructors: Miss Lucy Foreman, Nashville, Tenn.; Rev. F. Claude Adams, Extension Secretary, Dallas, Texas, and Prof. H. Conrad Blackwell, Professor of Religious Education, Millsaps College, Jackson, Miss.

WHAT MUST THE "TOWN" DO TO BE SAVED?

The village or town has for forty years in our nation been a constant factor for good. In this new order of things, in the age of disintegration, the town of the future must begin to prepare herself to be saved.

We think for her own salvation she must learn the new art of co-operation in economic, educational and religious life. Without unity she will not save herself. When it comes to religious life I do not mean organic church union, there must be a spirit of cooperation and sympathetic understanding between denominations as to the fields, etc., of their operation. The churches must cooperate or die. The Methodist Church by creed and polity is ready for a new day of brotherly cooperation.

In the second place the village to save herself must be willing to lose herself in the surrounding open country. This missionary sense of concern is her only hope, economically, educationally and religiously. The commercial orders are aware of this also the educational leaders, but the Church leaders seem to be the last to awake and in many villages this concern to be willing to go the second mile with others to win them has not reached them.

In the third place for the town church to save herself she must have an evangelistic spirit, willing to minister to the poorest and most needy in her reach in and out of town.

In the fourth place she must approach her task, not only with evangelism, but with the greatest power in modern life, the power of education. She must train or wane.

ITEMS OF INTEREST

Dr. Fitzgerald S. Parker, a member of our Annual Conference, has been re-elected editor of the Epworth Era. We congratulate all parties concerned.

Jackson, La., formerly the home of Centenary College, for a long time known as the Athens of Louisiana, has recently had one of the greatest revivals during its 120 years of life.

The Ruston and Winnfield Training Schools are booked for September, the Ruston school, August 31-September 5, and Winnfield, September 7-12. We hope these schools experience what the recent DeRidder-Leesville school experienced, a larger and better school than last year.

Rev. H. B. Hines, pastor at Elizabeth, La., has recently given a class of Sunday school leaders in his church a course on Evangelism, all of whom received credit from the Training section of the Sunday School Board. There were twelve in the class.

October will stand out as a "Training Month" in Louisiana Methodism. Alexandria, New Orleans, Shreveport, and Lake Charles are planning to hold their Annual Standard Training School during this month. Ruston district has booked their District-Wide Training Week for October 12-17. The Educational Directors and Board of Managers are hard at work to make this the largest and best year.

CHILDHOOD AND YOUTH WEEK

Mrs. W. W. Holmes.

Childhood and Youth Week should be observed by every Sunday School, everywhere, because every Sunday School everywhere needs just the things which this observance will bring about.

Outstanding Features

Let us list the outstanding features of the Childhood and Youth Week program. First, it provides for a worship service on the Sunday morning beginning this week when the pastor may bring a message on the importance of religious education for our childhood and youth, special ef-

**SOME WORTH WHILE PROJECTS
IN ELEMENTARY WORK**

While the elementary sections of the Shreveport Sunday Schools are closed on account of an epidemic of infantile paralysis, Mrs. C. P. Munday of Noel Memorial Church is broadcasting a beautiful worship program for the boys and girls every Sunday morning from 9:00 to 9:30 o'clock. This program comes over Station KRMP.

Since her return from the Mt. Sequoyah Leadership School, Mrs. R. S. Crichlow, District Elementary Superintendent of the New Orleans District, has helped to organize the Elementary Section of a new Sunday School in Gentilly Terrace, New Orleans. She has also planned a Sub-District conference for elementary workers to be held at Berwick, La., on September 14th.

Mrs. J. A. Reid, our Elementary Worker in the Monroe District, is enthusiastic in her plans for the fall work, putting particular emphasis on Childhood and Youth Week and Promotion Day.

Mrs. C. D. Atkinson of the Alexandria District is sending a letter to every Sunday School Superintendent in the District, urging them to observe Childhood and Youth Week in their local schools and also calling attention to a one-day conference for elementary workers to be held in Alexandria the second week in October.

While the elementary section of the Alexandria Sunday School is closed the departmental faculties are meeting at the regular Sunday School hour to discuss plans for Childhood and Youth Week and Promotion Day. They are also studying the Program of Work and planning together how they may more adequately meet the religious needs of the boys and girls through a larger use of the new Closely Graded Courses.

The elementary workers of the Alabama, Mississippi and Louisiana Conferences will meet at Gulfport, Miss., on October 29, for a child

study conference. This meeting will be presided over by Miss Mary Skinner, Elementary Superintendent of our General Board of Christian Education, and promises to be of great value to all who are interested in religious education of boys and girls. It is hoped that this conference will become an annual affair.

Mrs. J. W. Wynn, the Superintendent of the Lake Charles Sub-District, has charge of the Vacation School now in session at Crowley. One of her helpers in writing about the school had this to say, "Mrs. Wynn has worked out a splendid program and we had a happy, happy morning."

Mrs. O. C. Stanton, District Superintendent of the Lake Charles District, has visited the Workers' Council of two of the Sunday Schools in her area this month and in both instances has rendered valuable service to the elementary workers.

CHILDHOOD AND YOUTH WEEK

(Continued from page one)

fort having been put forth to secure the attendance at this service of parents as well as teachers.

Home Visitation

Second, it provides for a visit from the teacher to the home of every child of the nursery, beginner, primary, junior and intermediate departments of the Sunday School. The observance is planned for the first week in October, the first week of the new Sunday School year, when each teacher has a new group of children this makes a peculiarly appropriate time for this visitation. Every worker with the children realizes the importance of knowing the child in the home. Visits made in a friendly, helpful spirit will impress the parents with the fact that the teacher is taking her task seriously and will go a long way in securing that thing so needed and desired by every earnest teacher—home cooperation.

Parents' Meeting

Third, it provides for a meeting for adults. A time for parents and teachers to come together to discuss their common problems. This meeting also affords the workers of the Sunday School an opportunity for presenting the program of the Sunday School to the parents. Many parents have not discovered the fact that the Sunday School has a real educational program, that grades and promotion have a place in religious education.

The Forward Step

Fourth, the observance of Childhood and Youth Week makes definite provision for growth in the Sunday

School. The Forward Step Committee is one of the most important committees for this program. The departmental faculties decide on the most needed things for their departments, it may be chairs or pictures, it may be screens or songs books, whatever they may be these needs are made known to this committee, definite plans are made by the committee for meeting these needs and the committee functions until these are accomplished.

Poster and Pageant Available

Detailed information for putting on this observance is yours for the asking. A beautiful poster, "A More Christian World," is being sent to every Sunday School in the Conference. We hope that every one of them will be prominently displayed. They will be an inspiration to all who are interested in the religious education of our boys and girls. There is a pageant, "The Joyous Land," and a leaflet, "Growing Toward God," that has many fine suggestions for a program where a pageant would not be practicable.

**Suggestions in Sunday School
Periodicals.**

Many worth while suggestions for the observance of Childhood and Youth Week will be found in The Elementary Teacher for September and October, and in the same issues of The Workers' Council, The Adult Magazine and The Sunday School Magazine.

**Material for Childhood and Youth
Week**

Would you like to do something worth while for your Sunday School for the childhood and youth committed to you? Of course you would. We can think of no more helpful thing than a well-planned, well-executed observance of Childhood and Youth Week.

We call your attention to the material listed below, use the blank to indicate the material you will need. It may be had for the asking. You will note that a simple program, "Growing Toward God," can be used by those who do not care for the pageant. Send your order to me (Box 1494, Alexandria, La.) and it will be filled at an early date, in ample time for you to make all your plans.

Watch for articles about Childhood and Youth Week in the September and October issues of The Elementary Teacher and the Workers' Council.

Missions In The New Unified Program

No Changes Except in Name

At the Fall session of our Annual Conference the Dual Mission Special operating in our Sunday Schools assumes its new name, "Home and Foreign Mission Enterprise."

This plan that had operated so successfully was lifted bodily into the New Unified Program, with no principle change, except in name as stated above. But in writing the plan into the new legislation certain changes were made which will make for a larger observance and greater missionary activity for the next Quadrennium.

EXTENSION SECRETARY AT WESLEY CHAPEL AND SANDER'S CHAPEL

In cooperation with Revs. J. M. Boykin and C. C. Wier the Extension Secretary had an unusual opportunity for work among the people of the Wesley Church on the Natalbany Charge, and Sander's Chapel, an afternoon appointment with Winnfield.

Each program carried a Cokesbury Class in the mornings for the Sunday School leaders, and preaching services in the evenings. The Extension Secretary, through the courtesy of these pastors had the privilege of preaching at these night services.

In the school at Wesley Chapel 9 credits were issued, but at Sander's Chapel credits were not considered. Using the Small Sunday School we sought to help them plan and conduct a Sunday School organization suitable for their needs.

The fine fellowship we had with the splendid people of both these churches was inspirational and delightful. These two busy pastors, Bro. Wier and Bro. Boykin, give careful thought to the planning of the work and did everything conceivable to uphold the ideals and opportunities of the Sunday School.

LIST OF FINANCIAL FRIENDS

The Conference Sunday School Board sent out the following appeal, and we are giving by districts, list of responses. It is not too late for every friend of the Cause of Religious Education to send in his or her small gift:

Dear Fellow-Worker:

HARD TIMES!!!

You have doubtless heard much of "hard times" this year, and realize it has struck the Church.

It has struck the Conference Sunday School Board, too.

This letter brings to you the present situation, and the hope of the Sunday School Board that you will be able to render us a little financial assistance to tide us over 1930.

We began the Conference Year with several hundred dollars less than usually given us for our Sunday School promotion work. We have received less thus far, for Sunday School Day offering than we counted upon.

An important fact is that at the end of this year, the Sunday School Board, the Epworth League Board, and the Board of Education, will be merged into the BOARD OF CHRISTIAN EDUCATION. We wish to complete our year free of debt, and be ready for the merger without any obligations that will hamper a greater work in 1931.

We do not wish to borrow, but we have in the Bank less than \$100.00 to meet current expenses. We want you and 1500 Louisiana Methodists to whom this note goes, to make a small gift, \$1 to \$5, on the enclosed check, and MAKE IT POSSIBLE FOR THE SUNDAY SCHOOL BOARD TO END 1930 WITHOUT DEBT, and to enter the larger activities of the New Board of Christian Education without financial encumbrances.

With assurance of our faithful loyalty to every cause of religious educa-

tion, and appreciation of your response, we are,

Sincerely yours,

J. H. Carter, Pres.

H. L. Johns, Vice Pres.

A. M. Mayo, Treas.

**THE HIGH COST OF
CONSECRATION**

C. D. Atkinson

The monthly Communion Services bring us face to face with the Consecration of Him, who said, "The Son of Man came not to be ministered unto, but to minister, and to give his life a ransom for many." These words suggest the high cost of Consecration with its results.

We have been told that it is expensive to move, but whatever it may cost to move, every person who becomes a consecrated Christian has to move the center of his life and activities from self to service-centered. His business life as well as his home life will require to be service-centered instead of self-centered. Consecration Day means "Moving Day," and we must pay the price, whatever it may be.

The second cost of Consecration is the "law of life," which is, life must be paid for by death. Jesus says he came to give His life for others. To have more life, or "abundant" life, we must let go the lower for the higher, and the present for the future. He says, "whosoever will lose his life for my sake and the Gospel, the same shall find it." The grain of corn must lose itself for the sake of the larger ear of corn. The one pecan must lose itself for the sake of a tree of pecans.

The result of the consecrated life is freedom to those to whom we consecrate our lives. Our life, like His life, becomes a ransom for many, and ransom means "freedom," the freedom which comes from truth, love, and Consecration. If our lives do not bring such results let us re-consecrate them.

**The Town Church's Responsibility
For the Surrounding Open
Country Church**

C. D. Atkinson

The more Christian the town church becomes the more sense of responsibility and concern for the surrounding open country church is noticed. For many years the Station Pastor has felt very little responsibility for any other than his own people. If leadership is developed by near-by leadership, then the leadership of the town

church should feel a special responsibility for developing leadership for the surrounding open country church.

I have noticed with pleasure during the past few years in our Conference a decided development of a real concern of the town pastor for the surrounding country church. One Sunday I visited such a Pastor in interest of a Standard Training School and called a Set-up meeting at 2:30 P. M., and he told me to make it 1:30 as he had taken over a country church about fifteen miles out of town. This Church was served by a Circuit Rider the year before and had paid less than \$100.00 for ministerial support. The Church was a big building with a large cemetery near by. The attendance was almost as large as it was at the town Church. We planned for a Cokesbury Course for the Country Church at the time of our visit to the town Church for a Standard Training School.

The next Sunday I was in another town in the same interest of leadership training and I invited the pastor to come to Mt. Sequoyah. and he would have come if he had not had an engagement to hold a revival out in the country church near his town, which years ago was connected with his town church, before the idea of "station pastor" must not have any responsibility but for his own people. I have given these two incidents to show there is a new sense of responsibility of the town church for the religious conditions of the open country.

**SUNDAY SCHOOL-EPWORTH LEAGUE
TRAINING SCHOOL
MORGAN CITY**

During the week of September 14-19, there was held at Morgan City a very interesting program of Sunday School and Epworth League activities. Sunday afternoon a large and enthusiastic crowd of Sunday School and Epworth League workers from Berwick, Patterson, Houma and Morgan City gathered for an Institute. Rev. Don E. Dulaney and Rev. W. D. Milton directed the program in a most able way. Then Rev. C. D. Atkinson, Rev. A. K. McLellan, Rev. J. H. Bowdon, and Mrs. R. S. Crichlow of New Orleans, District Elementary Superintendent were introduced, and spoke concerning the interests each represented. Miss Elizabeth Langford was not able to attend because of illness in her family. The Leaguers were disappointed because of her absence, and regretted to learn of the illness which prevented her coming.

Rev. Don E. Dulaney taught the course on the Hi-League Handbook, and Rev. J. H. Bowdon, our pastor at Ponchatoula, gave the Life of Christ, a unit in the Cokesbury Course.

The Rev. R. M. Brown, Presiding Elder of the Ruston District, Pastors, and Sunday School leaders are making every effort for a successful Training Week in the Ruston District, October 12-17.

Hope To Reach Local Leadership

It is hoped a large number of Sunday Schools will be reached, as well as the local leadership in these schools in the Institutes and Training Schools. It is believed that with an Institute meeting in the morning part of the day, and the Training Schools conducted at night, an unusual number of people may be reached.

Franton Chapel, Monday Morning, 10:00 A. M.

Athens Church, Wednesday Morning, 10:00 A. M.

Bear Creek Church, Thursday Morning, 10:00 A. M.

Antioch Church, Friday Morning, 10:00 A. M.

The educational feature of the program will be taken care of in a very splendid way through the Training Classes that will be held each evening of the week at the churches designated below, under the leadership of instructors listed as follows:

Arizona, Small Sunday School Org., Rev. W. F. Henderson, Jr.

Summerfield, Missions, Miss Winnie Camp.

CHINA — KIM IN KOREA — LOUISIANA

Vol. III

ALEXANDRIA, LA., NOVEMBER, 1930

No. 11

BISHOP HOYT M. DOBBS
who will preside at the coming Annual
Conference, First Methodist Church,
Alexandria, December 3.

OUR CONFERENCE STAFF

The Conference Staff, which is composed of the salaried and volunteer Conference workers of the Sunday School Board, will have their annual meeting on Thursday, November 13. This staff is composed of the following workers:

Rev. C. D. Atkinson, Conference Superintendent.

Rev. A. K. McLellan, Extension Secretary.

Mrs. W. W. Holmes, Conference Elementary Superintendent.

Rev. B. C. Taylor, Conference Adolescent Superintendent.

Mr. Charles N. White, Assistant Adolescent Superintendent.

Dr. Frank L. Wells, Conference Adult Superintendent.

Rev. H. L. Johns, Conference Superintendent of Evangelism.

Rev. Guy M. Hicks, Conference Superintendent of Vacation Church Schools.

Mr. T. W. Holloman, Conference Superintendent of Administration.

Dr. A. S. Lutz, Conference Superintendent of Teacher Training.

Mrs. R. E. Smith, Conference Superintendent of Parent Education and Home Cooperation.

Dr. W. Winans Drake, Conference Superintendent of Missionary Education.

Miss Nannie White, Office Secretary.

TWO TYPES OF LEADERSHIP

We agree with Stanley Jones in thinking the words, "Leadership" and "Leaders" are rather unchristian terms or words, when we face up with what Jesus said about the ambition of James and John wishing to be leaders in the Kingdom of Heaven.

Mr. Hayward, in his book on "The Dream Power of Youth," gives us two types of Leadership as follows:

"In the minds of some, 'leadership' would fit this definition: 'A leader is the chief personality of a group in any field of activity having sufficient knowledge, skill, and capacity to carry through his working plan to an objective and inspire his fellows to follow.'"

On the other hand, someone described the leadership ability of President Hoover in these words: "His unique work as a leader was in so organizing vast enterprises that in them other men could express their highest possible capacities. He did not give others orders; he rather provided them with opportunities."

If we can make the word "leadership" mean "to serve" and an opportunity for larger service, we will believe in the terms.

THANKSGIVING

This year will prove to be a real test as to the source and basis of our spirit of Thanksgiving.

If the source is based on temporal things, then there will be very little Thanksgiving in many hearts this year. If we all would take the view that St. Paul took in the midst of not only "famine," but tribulation, distress, persecution, and said, "We know that all things work together for good to them that love God," and based the source of his Thanksgiving on the fact that "He spared not his own Son, but delivered him up for us all, how shall he not with him also freely give us all things?"

Since God has given us his best Gift, surely He will meet our lesser needs, and this Gift should be a source of an inner Thanksgiving spirit, and with such a pledge of God's interest in us we should be able to say in the midst of our gains and losses what Job was able to say, "The Lord gave, and the Lord hath taken away: blessed be the name of the Lord."

TRAINING SCHOOL RECORD IN
LOUISIANA CONFERENCE

Records in the office show our first Training School was a State-Wide School at Mansfield in 1922, with about 25 credits. Our first District-Wide Training School was in New Orleans in the spring of 1922 in which there were issued 50 credits. The New Orleans school has just closed its tenth session, issuing 118 credits. In 1929 we had our largest number of Standard Training Schools, which was 18, issuing 764 credits. This year we have had 11 Standard Training Schools, 3 Standard Training Classes, and two District-Wide Training Weeks. Notwithstanding the drought and financial depression, the important work of "training" has been "carried on." It has required more faith, patience, and prayer than in any other year, yet, results have been very encouraging.

ROBERT RAIKES AND HIS
MODERN MAXIMS

This year the Sunday Schools are celebrating their 150th Anniversary of the foundings of the Sunday School movement, by Robert Raikes, who had five principles, as follows, and how modern they read:

1. "Vice in the child is an imitation of familiar sights and sounds.
2. There is a time in a child's life of innocence when the faculties are active and receptive.
3. Good seeds cannot be planted too early.
4. A child takes pleasure in being good when goodness is made attractive.
5. The Sunday School may be used to awaken spiritual life in the poorest and, with day classes, can from a basis of national education.

ITEMS OF INTEREST

The Lake Charles weekly bulletin of October 26 is titled "Training School Number." Their Training School opened at 3:00 p. m., Sunday, October 26, with the following courses and instructors:

Worship, Rev. D. B. Raulins.
 Religious Education in the Local Church, Prof. J. S. Seneker.
 The Home in Society, Mrs. R. E. Smith.

The Sunday School Superintendent, Mr. A. M. Mayo, writes about this school and says: "Our school is not as well attended as we had hoped it would be, but is one of our best."

Mr. R. H. Nelson, Shreveport District Secretary, writes concerning the recent Standard Training Class on "Religious Education of Children," taught by Miss Mary Skinner of Nashville, Tenn., "I think our training class was a real success. While the attendance was not as good as we expected, those who did attend were wonderfully repaid. Everyone who heard Miss Skinner is grateful to you, the Board, and Miss Skinner for making it possible for us to enjoy her as we did."

Mrs. R. E. Smith, Conference Superintendent of Parent Education and Home Cooperation, has recently been elected to take charge of the Senior-Young Peoples' Department at First Church, Shreveport, ages 15 to 24 years. Through the courtesy of Rabbi Abram Brill, the Jewish Temple has been offered as a place for this department to meet.

Among the recent Sunday Schools to send in their Sunday School Day offering are: West Monroe, Tallulah, Natchitoches, and Leesville.

Mrs. Lee A. Ward of Natchitoches, writes: "I have recently been elected superintendent of the Primary Department of our Sunday School, and would like to have you send me all help and information concerning the work in this department."

We hope the Sunday Schools which observed Childhood and Youth Week will send in their reports at once. Mrs. W. O. Wall, a Sunday School worker in a small Sunday School of fifty members, at Basile, writes: "Sometime ago I wrote you for helpful literature to be used for Childhood and Youth Week. We are using the last week of October for our observance. Had a nice little program by our three lower grades, Beginners, Primary and Juniors, and intend to have a weiner and marshmallow roast on Hallowe'en for all our young people."

Results Ruston District Training Week Gratifying

Large Number Reached Through Institutes and Training Classes.

With splendid weather prevailing the Ruston District Training Week found a response even greater than was anticipated.

Institutes.

The institutes afforded opportunities for real constructive meetings with local Sunday School workers. The speakers for the institutes were: Rev. R. M. Brown, Presiding Elder of the Ruston District; Rev. Walter H. Gilliam, Extension Secretary of the West Oklahoma Conference; Rev. S. T. Baugh, Extension Secretary of the Little Rock Conference; Mrs. R. M. Brown of Ruston, and Miss Lucy Foreman, Assistant in Charge of Cokesbury Leadership Training, Nashville, Tenn. These speakers not only gave inspirational talks, but sought to be of individual assistance in group discussions.

The institutes, except those for Sunday, were held at 10:00 o'clock each morning through Friday. There were two institutes held Sunday, October 12, at 2:30 and 7:30 p. m., at the Alabama church on the Bernice Charge, and at Harmony Chapel on the Dubach Charge. Workers representing the following schools were present at these institutes: Alabama Church, Bernice, Marion and Summerfield; Harmony Chapel, Dubach, and Lisbon. The pastors, Brothers Moreland, Waltman and Staples were present.

Other institutes were held as follows:

Tuesday morning at Calhoun church.

Wednesday morning at Athens.

Thursday morning at Bear Creek.

Friday morning at Antioch.

Program

The program for each institute was as follows:

Chairman, Rev. A. K. McLellan.

Devotional, Rev. R. M. Brown.

"God's Minority," Rev. Walter H. Gilliam.

"The Church Changing the Community:"

"Through Its Local Leadership"—Rev. S. T. Baugh.

"Through the Training of the Child"—Mrs. R. M. Brown.

"Through Worship and Training"—Miss Lucy Foreman.

Training Schools.

There were 13 Training Schools held each night at 7:30, Monday through Friday night, and the responses on the part of the workers

gave an indication of the appreciation they have for the training program of the church. The influence of these training classes will be far reaching, not only to the individuals who succeeded in earning a credit, but in establishing a greater esteem for our training program, and the place it has in the individual's preparation for service.

In these 13 training classes there was an enrollment of more than 200 for the first night. The final records for those taking the examination will show more than 100 eligible for credit in the Cokesbury Leadership Training Course for the Unit for which they were enrolled.

The pastors and lay workers of the Ruston District rendered a splendid service in the leading of classes in the study of the unit selected for their class. The schedule of training schools and instructors was as follows:

Athens—"Methodist Beliefs," Rev. W. C. Childress.

Arizona—"Small Sunday School Organization," Rev. W. F. Henderson, Jr.

Antioch—"Small Sunday School Organization," Miss Lucy Foreman.

Bethel—"Methodist Beliefs," Rev. K. W. Dodson.

Bernice—"Small Sunday School Organization," Rev. R. H. Staples.

Clay—"Methodist Beliefs," Mrs. Sybil F. Blalock; "Sunday School Worker," Rev. J. S. Henley.

Downsville—"Small Sunday School Organization," Rev. Walter H. Gilliam.

Dubach—"Methodist Beliefs," Rev. R. A. Bozeman.

Farmerville—"Worship," Rev. S. T. Baugh.

Lisbon—"Small Sunday School Organization," Mrs. A. T. Garrett.

Marion—"Methodist Beliefs," Mrs. R. H. Staples.

Summerfield—"Missions," Mrs. W. A. Gray.

The immediate supervision of this program of training was under the direction of Rev. C. D. Atkinson, Conference Superintendent of Sunday School Work, and Rev. A. K. McLellan, Extension Secretary, of the Louisiana Conference Sunday School Board.

EVERY SCHOOL A GIFT FOR MISSIONS FOR 1930

November

We are anxious for every Sunday School in the Louisiana Conference to make at least one offering to Missions before the close of the Conference year. On the back page of our bulletin, "Missions and Sunday School Extension," there is a record for each School.

Every School a Gift to Missions

Help us to realize 100 per cent in the number of our Sunday schools remitting at least one offering for Missions this year. Set as your goal at least 10 cents for each member of your school.

Time—Sunday, November 23, 1930

On the Fourth Sunday, November 23, take an offering for the support of our work in Louisiana - Korea - China, and send to Mr. A. M. Mayo, Treasurer, Lake Charles, La.

We know you and your school will be glad to help us in this way, and we shall be most grateful to you.
